Amateur Radio Club

Vol XIV No. 1

N4JWL Ted Moritz, Editor

Feb. 1990

## BETTY SEZ:-

Guess the big item of interest since the last SPARC GAP was the deep freeze on the 24 and 25 of December. The blackouts every hour certainly created hardships for everyone. But we all survived - people still have a bit of the hardy pioneer left in them. Even if we are mostly spoiled with our creature comforts. Now we are left with all the cleanup in the yard. Good way to lose some of those holiday pounds.

The new Novice class started January 8th at the Red Cross. Lee WB4TEJ does a great job on this, so we should have some new Hams down the road. Hope they will all join SPARC and be contributing members of the club.

Lee WB4TEJ is our new club President and working hard making plans for the coming year. So everyone light a fire under yourselves and start doing things to help the club. Everyone can contribute something - even if it is just a new idea. Let's get SPARC moving. If we get some projects going we will attract new people and everyone benefits.

Guess we have all had a few chuckles with Roger N4QHN checking in mobile in his wheel chair. But hope he will soon be getting around on his own two legs.

Dorothy KA4LDB and Harry KA4KII are in their new QTH. After all the hard work getting settled in, they should be feeling more at home all the time. If you want to correct your roster the Michelsons address is 12001 - 9th St. N. - Apt. 3708 - St. Pete, FL 33716. Phone number is 577-3485.

Before I close I want to thank Don N4KII for installing my radio in the new car and Rex W4GPL for the fine tuning. Bless you both.

Can't supply the details on the Pinellas Park Boy's club Hamfest, but it is always successful and fun and know it was the same this year.

We'll see you further down the log and until then 73's es 88's.

Betty, KA4CRS

Isn't it funny how teenagers are wild about rock-'n'-roll songs with crazy titles instead of those sensible ones we used to have - like "Cement Mixer Putty Putty," "Three little fishes in an Itty Bitty Pee," and "Flat Foot Floogie with the Floy Floy"?

"Surely you don't believe your husband's story about fishing," the catty neighbor said. "Notice he didn't bring any fish back." "That's what makes me believe he was fishing," said the understanding wife.

"Can't quite make it out, Mrs. Gumbach? And we drove here all by ourselves, did we?"
